ABOUT US

We have been in the clothing business for 35 years. Initially we supplied chain stores and independent retail outlets. Over the past ten years we have expanded our business to service the promotional, corporate and work wear sectors.

Our slogan "life is out there", dictates that our earthy coloured Wildway clothing is cool and hard wearing. The Wildway range is ideal for heavy duty work by game rangers and the farming community. The breathable, lightweight fabric is perfect for staff uniforms and outdoor activities such as safaris, fishing, hiking, horseback riding, hunting and other activities.

PLEASE NOTE: The colours depicted on this brochure are purely guidelines of what colours are available. This means that colours will vary due to printing limitations, paper and age of light.
